ANGUILLA’S LARGEST PRIVATE EMPLOYERS & REAL ESTATE OWNERS PARTNER TO FORM HURRICANE IRMA EMERGENCY RELIEF FUND

Anguilla Stronger Emergency Relief Fund Selects the H.O.P.E. Centre as on-island Partner

(October 4, 2017) | Affiliates of Starwood Capital Group (owner of the Four Seasons Resort and Residences Anguilla), Belmond Ltd (owner of Belmond Cap Juluca), Auberge Resorts, Malliouhana Ownership, and Zemi Beach House Hotel & Spa announced today the formation of the Anguilla Stronger Emergency Relief Fund, dedicated to assisting the permanent residents of Anguilla in their recovery and rebuilding from Hurricane Irma.

Hurricane Irma hit Anguilla as a Category Five hurricane, with recorded sustained wind speed of 185 mph and wind gusts to 215 mph. The impact caused severe devastation to the entire island with loss of electricity, loss of running water and damage to approximately 85% of all structures (hospital, airport, schools, hotels, restaurants and private homes). There are roughly 15,000 permanent residents who call the 35-square mile paradise home, and tourism is the island’s main source of employment. Restoring power to the island is currently projected to take several months, therefore, the tourism industry will suffer a significant negative impact, leaving thousands of people without a means to make an income for quite some time.

The Partners of Anguilla Stronger collectively employ more than 1,000 Anguillan residents. Four Seasons Resort and Residences Anguilla employs approximately 550 people, Belmond Cap Juluca employs approximately 200 people, Malliouhana, an Auberge Resort, employs 153 people and Zemi Beach House Hotel & Spa employs 149 people.

“As the largest private employer on the island, we felt compelled to lead a larger relief initiative and believe by partnering with the other prominent employers on the island, we could achieve greater results through our strategic relationships and collective worldwide reach. We are honored each of them immediately agreed to partner with us in this effort,” said Barry Sternlicht, Chairman & CEO of Starwood Capital Group. “We are inspired by the native Anguillans’ strength, resilience and spirit to help each other through this crisis and are committed to working in a unified manner to accomplish our goals.”

“Belmond has a long-standing belief in the power of partnerships. We recognize that the well-being of the wider communities and businesses on the island has a direct impact on the recovery process of all. To help secure the relief efforts that are needed at such scale, we must think bigger. And we must work together”, said Roeland Vos, President & CEO of Belmond. “We have been inspired by the people of Anguilla in the face of adversity. We are proud to support the launch of the Anguilla Stronger Relief Fund.”

“Hurricane Irma has reminded us of just how powerful, and sometimes destructive, the forces of nature can be. Now, it is up to each of us to show the beautiful people of Anguilla how our collective power of love and care can help our friends overcome the devastation they have experienced,” said Craig Reid, CEO & President of Auberge Resorts.

“The Goldstein family is heartbroken to see what has happened to our Anguillan family. To help our friends and family in this manner is more important than brick and mortar,” said Jeffrey Goldstein, owner of Zemi Beach House Hotel & Spa
The Anguilla Stronger Emergency Relief Fund will focus on the following areas:

- Providing immediate emergency relief supplies such as food, water, medicine and temporary shelter or items to temporarily repair homes until building supplies can be obtained for permanent Anguillan residents.
- Providing ongoing support through the purchase of building supplies and organization of volunteer efforts for permanent Anguillan residents who need assistance with rebuilding their homes.
- Providing supplies and monetary funds to assist with the rebuilding of organizations and services that are essential to life in Anguilla such as the hospital, schools, and other charitable organizations committed to improving the lives of the residents.

All relief supplies will be distributed from two locations. The east end location will be located at the H.O.P.E. Centre, our local Anguillan partner. The west end location will be located at the Four Seasons Resort and Residences Anguilla. The H.O.P.E. Centre is a community-based organization that seeks to develop and enrich the physical, emotional and spiritual being of the Anguillan community.

“We are extremely pleased to be a part of this “Anguilla Stronger Emergency Relief Fund” that has been established to assist with rebuilding and recovery efforts here in Anguilla after the passage of Hurricane Irma,” said Gareth Hodge, Chairman of the H.O.P.E. Centre Board of Directors. “There is much work to be done and the partnering of some of the island’s largest real estate owners and developers as participants of Anguilla Stronger speaks well for the future of Anguilla.”

To make a tax-deductible donation to the Anguilla Stronger Emergency Relief Fund, please visit https://www.pledgeling.com/anguilla-stronger/. Your donation will go directly to or for the benefit of the Anguillan people who need our help to rebuild their homes and public places such as hospital, schools, and other community services so that life in Anguilla can return to normal. All U.S. donations are tax-deductible to the full extent of the law, powered by the Pledgeling Foundation, a 501(c)(3) nonprofit.
